A word from God

"Jesus Christ is the same yesterday and today and forever.."

Hebrews 13:8.

During the past couple of years our state and nation and the world for that matter caused most of us to be a little concerned because the things we had come to trust in were falling left and right. The major banks of our nation, the major companies that have had such an enormous impact over the years on America and the world, all experienced extreme difficulty and most required 'bail-out' by the Government. It was a frightful time for millions of people. We enjoy the stable and consistence environment. We don't mind a little change now and then, however our basic instinct and desire is stability and consistency. This very little verse from Hebrews gives us that assurance that the most important part of our life is stable. The Apostle Paul made such a bold statement with these 10 words. "Jesus never changes." His perfection, His unconditional love for each of us, His promises that never change are a fantastic guarantee that when we are in His hands we are safe. Nothing can upset our environment. Take some time to read Psalm 37. Rest on His promises. Remain secure in our God.
