## A word from God

*"...so in Christ we who are many form one body, and each member belongs to all the others."*  
Romans 12:5

This week I have been studying for Sundays message which is on 'connecting to the family of God'. When I think about the ASC family, visions of events that have happened recently flashed through my mind. Events that tell me we might be getting the picture of what a family really is or should be. I have seen some of the family struggling to make ends meet and failing because there just isn't a job for them. I have had an envelope dropped in my church mail box specifically for a struggling family and a relatively large sum of money given anonymously for another hurting family. I have seen a brother come along side a hurting brother, a sister come along side a hurting sister. I have heard other family members talking about how to help yet another who is having a difficult time or another who has been sick. I have seen some members of our ASC family inviting others to lunch or to join them in fellowship or Bible study. I have read the e-mail of a brother who is excited at how the men in the small group he leads have taken hold of their faith and how the word of God appears to be changing men and women in the family. I witnessed a musical event (which certainly was not for the old at heart or hurting ears) where our youth were joined by a good number of adults who want to encourage our family's young people and let them know that they are loved... '...so in Christ we who are many form one body, and each member belongs to all the others.'" Thank you for being the family of Christ. Don't stop. We belong to each other. Look for ways to share yourself with others in the family.
